April 6, 2020

Dear Parents, Guardians and School Community,

I would like to thank everyone for your support and patience during this very challenging time. We recognize the difficulties faced as we work collaboratively to navigate your child’s distance learning program at home.

By now I hope that all students are settled into a routine that works well with their family dynamics. I encourage parents/guardians to contact their child’s principal if you have not been able to establish home strategies or if your child’s program is not meeting his/her educational needs. By sharing your specific concerns, we can best determine how to support you and your child through these unprecedented times.

Please be aware that our dates for spring break have not changed. School will be closed this Friday, April 10th through April 17th. We plan to resume our distance learning classes on Monday, April 20th. I hope everyone can make the most of this spring break and return ready to finish out the school year successfully.

Governor Murphy has officially closed all schools through April 17th. At that time the governor will provide school guidance about the remainder of the year. Regardless of the directives we receive from the governor concerning the re-opening of schools, we will continue, as always, to do our very best to ensure all students receive the education they need and deserve.

At no time has the home/school connection been so important. By working together, we will make our education community stronger than ever.

Stay healthy and safe.

Sincerely,

Terry Foppert
Superintendent
